EDUCATION:

Acropolis Institute of Technology and Research, Indore
CSE (Regional Language) B.Tech
CGPA: 7.00

Hind Junior College Higher Secondary School, Shajapur
Degree in 12 CBSE Board
Percentage: 71.20%

Saraswati Vidhya Mandir Higher Secondary School, Shajapur
Degree in 10 CBSE Board
Percentage: 58%

SKILLS:

- Programming Languages: Python, HTML, CSS, JavaScript
- Libraries/Frameworks: Pandas, Numpy
- Tools / Platforms: Excel, PowerBI
- Databases: MySQL

PROJECTS:

Vendor Performance Analysis

- Developed a vendor performance analysis system using SQL, Python (Pandas, NumPy), and Power BI
- Cleaned vendor data, calculated important KPIs like on time delivery and defect rates
- Created dashboards to check supplier performance and cost efficiency
- Automated basic data processing and provided useful insights for better purchase and vendor decisions

Trends Tailors – Web-Based Fashion Store

- Developed an online fashion store for men, women, and kids with product listings and secure user login
- Built the frontend using HTML, CSS, and JavaScript, connected with a backend using PHP/MySQL
- Designed a clean UI, added features like category filtering and responsive pages for a user-friendly experience

ACHIEVEMENTS:

- Awarded the Chairman's Merit Scholarship (2023) for outstanding academic excellence.
- Recognized for high performance in the Cisco Cybersecurity Virtual Internship (2024).
- Secured NPTEL Certification (IIT Kharagpur) in Database Management Systems.
